The TRASH RAT!

c. 2007 by Chris Iozzi

If enough people throw out their boxes, wrapping paper, and Christmas trees this year, I can finally finish building my hang glider...

Jerimoth Hill, Foster

Secret Trash Lair
Mt. Landfill, Johnston

...then I'll be able to just glide through THE AIR all the way to my secret TRASH LAIR!

OH NO! He's at it again! Everyone, please recycle your wrapping materials and discard your Christmas Trees in the woods! (No artificial ones!) The discarded trees make a great habitat for small birds and mammals. Try decorating the branches with food! But make sure you remove all the ornaments and tinsel first!

Not again!

Wishing you Happy Holidays!
