Workshop participants finalized the press release drafted and the January 26th meeting and revised by Marcia Bowden with comments by Mike Carpenter. No action was taken on the letter to Route 6 property owners as of those who worked on it, only Pat Moreau was present. The press release will be presented to the Planning Board for approval at the March 5, 2008 Meeting.

Further discussion focused on the direction we should take in the May presentation. We settled on a theme of "Back to the Future" – recreating the sense of a village community as in historic Foster villages – Hopkins Mills, Foster Center, Clayville, Moosup Valley. Marcia volunteered to bring photographs from the Foster Preservation Society.
