None

L. Old Business

Rte 6 Re-zoning – run thru the presentation for the Town Council Public Meeting.

A general discussion followed concerning the Planning Board's presentation to the Town Council the following evening, August 26, 2010. Handouts were issued and the group went over them to insure correctness and clarification of several lots and their proposed status. The group looked at and then approved the two posters that were being used as visual aids for this presentation. There then followed a quick rehash of the format to be used and what the rules of engagement would be that the Town Council would utilize for the Public Hearing on the proposed upgrade. Julia Parmentier then went over the power point presentation that she had developed. There was some tweaking of this by consensus of the members present that eliminated some slides, while also rearranging the order for better flow. The time frame was discussed so as to make all our points but keep it simplified for both the Council and the general public.

M. Future Agenda Items

N. Adjournment

The meeting was adjourned at 7:24 PM.

Respectfully Submitted,

John Neale
